Matt - how does that compare to the quote and spec from the outfit that Underground Specialist (Jack) referred to us?

What's the lead time to receive and set up? We have about 2+ weeks before we need it right?

As for the hose, we have 6" lay flat and PVC and 4 " hose it would nice to make do, but if that's too much of problem - get a price on the extra needed.

Thanks

Matt,

Attached is the quote you requested, a spreadsheet with my calculations and notes along with a data sheet for the pump.

The spreadsheet is unlocked so you can change values if you wish to explore other options or check the math.

Regards,

Michael W. Loser
